

Streamlined independence

Whether you want to use it for nipping to the shops, or for putting in the car boot to take on day trips and holidays, the streamlined **ST#1** offers everything you need for simple, convenient independence.

Easy to split

ST#1's compact and stylish frame uniquely splits into two pieces, and can be further split into five smaller pieces for effortless lifting. The **ST#1** also has wireless connectors for quick and simple assembling and dismantling.

Lightweight yet powerful

Despite being the lightest scooter in the range, the **ST#1** has plenty of power to easily take you up slopes and hills, and is strong and stable for safety and security. This scooter also offers a tight turning circle for ease of use indoors.

Standard features
